

# MLD Scientific and Family Conference

## 24-25 March 2023

Dear Professional,

We are pleased to announce that registration for our event, the MLD Support Association UK Scientific and Family Conference, is now open.

This marks the return to our much loved "in-person" format, the first since 2018, which will allow our community to get together over the course of one weekend to further support each other, learn from one another, and enjoy time together. We look forward to welcoming patients, families, friends, and professionals working in the field of MLD.

If you would like to join us on the 24th-25th March at the Holiday Inn Telford, we would love to welcome you. Registration is quick and easy via the button below, then simply mark the weekend in your calendar and look forward to what is sure to be a fun, informative, and supportive event.

This year we are using an event management system called Whova, to streamline your registration experience and give you lots of additional features. However, as it is our first time using this system. please do let us know if there are any issues or if you have any questions we will be happy to help you – just contact us on [admin@mldsupportuk.org.uk](mailto:admin@mldsupportuk.org.uk)

Following registration, you will receive information on downloading the app to greatly enhance your conference experience

We hope you can join us, and we are looking forward to seeing you.

**Vivienne Clark**

Chair, MLD Support Association UK
